The 6<sup>th</sup> Siam Physics Congress (SPC2011) will be held at the Ambassador City Jomtien Hotel, Pattaya, Chonburi during 23-26 March 2011. The Siam Physics Congress was initiated in 2006 by the Thai Physics Society (TPS). The aim of the congress is to bring together national and international physicists, physics teachers, technologists, young scientists as well as those who are interested in physics from a variety of fields (covering both basic and applied physics research) in order to give them an opportunity to share and exchange their experiences. The Siam Physics Congress incorporates satellite workshops and annual meetings of the Thai Physics Society, the Thailand Center of Excellence in Physics (ThEP), and the National Astronomical Research Institute of Thailand (NARIT).
